

# ROTARY CLUB OF COROWA

PRESIDENT: PAUL MOWLAM

## WEEKLY BULLETIN

PRINTED 28/11/2011  
VOLUME 73 ISSUE 21

**LAST MEETING** – Past A.G. Alf Armstrong was our guest speaker and gave us a run down on Rotary Foundation. The mission of The Rotary Foundation is to enable Rotarians to advance world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty. The Foundation is a not-for-profit corporation supported solely by voluntary contributions from Rotarians and friends of the Foundation who share its vision of a better world. Various grants are available to clubs wishing to participate in projects throughout the world.

*Alf Armstrong and President Paul*

**International Toast** - Gary proposed a toast to the Rotary Club of Milwaukee, U.S.A. (Gary's daughter Laura, a previous guest speaker is in Milwaukee at present). The club received its charter in 1913 as club no. 57. It has about 400 members and each year gives about \$150,000 to community and overseas projects. They meet at noon on Tuesdays.

### Announcements

- Movember BBQ on Saturday
- BBQ for Canns Buslines on Saturday night
- Kids required for Christmas carols at All Saints.

### Attendance

87.5%.

No birthdays

*Idle gossip at the coffee break*

*The blurry furry ones.*

*Acting sergeant Steve ripping it into 'em for Movember →*

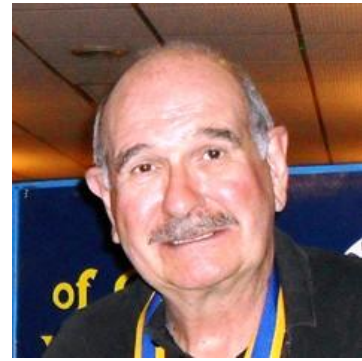

### Raffles

1. Paul
2. David P. King of spades

## Apologies to Don 60330423 0418 745007

Aw bugger!

*This **happy look'n** fella just won the Raffle!*

One night a robber broke into a home. While he was aggressively searching through a desk the robber heard a voice say, "Jesus is watching you!"

He yelled, "Who said that?!"

Once again the robber heard the same thing, "Jesus is watching you!"

The robber looked around the room only to see a parrot. He asked the parrot what its name was and the parrot replied, "Arthur."

The robber said, "Ha ha! Who names a parrot that?!"

With attitude the parrot laughs, "Ha ha! The same person who named the pit-bull BEHIND you Jesus!!"

A man tried to sell his neighbour a new dog. "This is a talking dog," he said. "And you can have him for five dollars." The neighbour said, "Who do you think you're kidding with this talking dog stuff? There ain't no such animal." Suddenly the dog looked up with tears in his eyes. "Please buy me, Sir," he pleaded. "This man is cruel. He never buys me a meal, never bathes me, never takes me for a walk. and I used to be the richest trick dog in America. I performed before kings. I was in the army and was decorated ten times." "Hey!" said the neighbour. "He can talk. Why do you want to sell him for just five dollars?" "Because," said the seller, "I'm getting tired of all his lies."

There was this guy at a bar, just looking at his drink. He stays like that for half of an hour.

Then, this big trouble-making truck driver steps next to him, takes the drink from the guy, and just drinks it all down. The poor man starts crying. The truck driver says, "Come on man, I was just joking. Here, I'll buy you another drink. I just can't stand to see a man cry."

"No, it's not that. This day is the worst of my life. First, I fall asleep, and I go late to my office. My boss, outrageous, fires me. When I leave the building, to my car, I found out it was stolen. The police said that they can do nothing. I get a cab to return home, and when I leave it, I remember I left my wallet and credit cards there. The cab driver just drives away." "I go home, and when I get there, I find my wife in bed with the gardener. I leave home, and come to this bar. And just when I was thinking about putting an end to my life, you show up and drink my poison."

The "Buffalo Theory" of Beer..

A herd of buffalo can move only as fast as the slowest buffalo. When the herd is hunted, it is the slowest and weakest ones at the back that are killed first. This natural selection is good for the herd as a whole, because the general speed and health of the whole group keeps improving by the regular killing of the weakest members. In much the same way the human brain can only operate as fast as the slowest brain cells. Excessive intake of alcohol, we all know, kills brain cells, but naturally it attacks the slowest and weakest brain cells first.

In this way regular consumption of beer eliminates the weaker brain cells, making the brain a faster and more efficient machine.

That's why you always feel smarter after a few beers, and that's why beer is so GOOD for you!
