It was welcome back to our outward exchange student from last year, Brittany Cook who spent 12 months in Switzerland. Along with about 1000 other students, she attended the Canton (district) School of Frauenfeld (where she topped English), situated close to the German border. School in Switzerland starts at 7.30 a.m. and can finish between 1p.m. and 4 p.m. depending on classes. Smoking is common among students. She had 3 host families during her stay and visited many places including New York, Slovenia and Holland. She caught up with former exchange student Charlotte, in Sweden and Axel in Nancy.

A great day was had by everyone at the KVE get-together. We sold out of goodies as the show was ending. Thanks to all those involved.

 At Sunday school they were teaching how God created everything, including human beings. Little Johnny seemed especially intent when they told him how Eve was created out of one of Adam's ribs. Later in the week his mother noticed him lying down as though he were ill, and said, Johnny what is the matter? Little Johnny responded, "I have a pain in my side. I think I'm going to have a wife."

A reporter was interviewing a 104 year-old woman: "And what do you think is the best thing about being 104?" the reporter asked. She simply replied, "No peer pressure."
