

ROTARY CLUB OF COROWA

PRESIDENT: PAUL MOWLAM

WEEKLY BULLETIN

PRINTED 13/02/2012
VOLUME 73 ISSUE 29

Last Meeting

Guest speaker Catherine Raschke was one of 144 students who attended the National Youth Science Forum held in Canberra from 2/1/2012 – 14/1/2012. The Science Forum gives year 11 students the opportunity to get hands-on experience with some of the many fields of science available at university. Some of the activities included a fossil dig at Cowra – spending the week-end at a Rotarian's house – testing for various chemicals at a forensic science forum – learning about nano technology – a discussion on particle physics and the work being done by CERN with the Large Hadron Collider – a visit to the deep space tracking centre at Tidbinbilla.

Q. What are mixed feelings?

A. When you see your mother-in-law backing away from a cliff in your new car.

How is it possible to have a civil war?

If love is blind, why is lingerie so popular?

If work is so terrific, how come they have to pay you to do it?

If you try to fail, and succeed, which have you done?

If the black box flight recorder is never damaged during a plane crash, why isn't the whole airplane made out of the same stuff?

Why is there an expiration date on sour cream?

Consistency is the final refuge of the unimaginative

The only truly consistent people are dead

If you're too lazy to start anything, you may get a reputation for patience

It's called "golf" because all the other four-letter words were taken!

After all is said and done, more is said than done.

It's hard to be nostalgic when you can't remember anything.

I get plenty of exercise -- jumping to conclusions, pushing my luck, and dodging deadlines.

I know it all -- I just can't remember it all at once.

Beauty is in the eye of the beer holder...

Every morning is the dawn of a new error...

Proofread carefully to see if you any words out.

Ever stop to think, and forget to start again?

A good wife always forgives her husband when she's wrong.

The secret of a happy marriage remains a secret.

Just think, if it weren't for marriage, men would go through life thinking they had no faults at all.

The most effective way to remember your wife's birthday is to forget it once.
